## MATERIAL GIRLS

It was a wild decade, an era remembered for its neon fashion, its earthquakes and its assassins, when Wall Street's toilet stalls were crowded with coke-snorting millionaires and the Cold War gave everyone the feeling that there might not be a tomorrow. The 1980s had many memorable emblems, from the DeLorean to the Apple Macintosh to Madonna's big hair. But if you really want to celebrate those heady days, look no further than the decade's Playmates with their tight, gym-toned bodies—many of them collected here in this one-of-a-kind Playboy Special Edition. It starts with Teri Peterson (pictured here), Miss July 1980, looking hot and sultry in front of a California sunset. Ready for more? Turn the page.
